

GET PREPARED FOR UPCOMING HUSKY D CHANGES

What's changing and what steps you may need to take to keep your HUSKY D

WHAT'S CHANGING

? Federal rules are adding new requirements for some people to keep HUSKY D coverage.

If you have HUSKY D, you may need to:

1. Show proof that you work or participate in activities each month such as:

- o Working (earn at least \$580/month), OR
- o Spend 80 hours per month working, doing job training, or community service/volunteer work, OR
- o Be enrolled at least half-time in school

More information on what counts and how to report will be coming. The Department of Social Services will be sending information later this year to those who have to report.

2. Renew your coverage every 6 months (instead of once a year)

NOT EVERYONE IS AFFECTED. HELP IS AVAILABLE.

If the changes apply to you, you will receive information from the Department of Social Services. DSS may also ask you to provide information showing that these rules do not apply to you. It's important to make sure your contact information is up to date **NOW** to get these updates.

1. Update your info **NOW** at [Portal. ct.gov/UpdateUsDSS](https://portal.ct.gov/UpdateUsDSS) or call Access Health CT at 1-855-805-4325

2. Add DSS to your saved contacts (short code 60302 for texts and the DSS Benefits Center number 1-855-626-6632)

3. Look out for HUSKY/DSS mail or texts

If you don't have Medicaid now and think you are eligible, don't wait to apply. Medicaid enrollment is available all year. If you apply in 2026, you will not have to meet work rules when you apply. You may need to meet these requirements in 2027 when you renew your coverage.
